

Well I guess I gotta go now
Saying farewell until the next time
But I know we'll meet again
Seems so early to be leaving
Feel so tired
Just want to sleep
Fade away

Gabriel am I finished
Trapped inside
You got me in it
Is it over in a minute, Gabriel
Gabriel am I finished
Trapped inside
You got me in it
Is it over in a minute, Gabriel

Hear them in the distance
Singing so softly
Oh so peaceful
Calling me on
Being drawn in ever closer
Down towards the cool calm river
I can hear their song

Gabriel am I finished
Trapped inside
You got me in it
Is it over in a minute, Gabriel
Gabriel am I finished
Trapped inside
You got me in it
Is it over in a minute, Gabriel
Until the next time
