

You will succeed
Oh I believe
You're transmitting electricity

All the time
I've got in mind
Such a deathly desire

Got an appetite
A yearning to be free
Honey when you coming over to see me?

Oh I believe
You ain't naive
You should be getting what you need

Wanna find
What's on your mind
Such a deathly desire

Got an appetite
A yearning to be free
Honey when you coming over to see me?

Go!

Got an appetite
A yearning to be free
Honey when you coming over to see me?
I got a need to feel your electricity
Honey when you coming over to see me?
