

Physical World

Ash

Come back to the physical world
Come back to the physical world
You're lost in the digital world
You're lost in the digital world

Let's make a real connection
New love, true perfection
Something so meaningful
Face to face
So...

Come back to the physical world
Come back to the physical world
You're lost in the digital world
You're lost in the digital world

Something so mesmerising
Our two hearts colliding
That you can't emulate
On your own
So...

Come back to the physical world
Come back to the physical world
You're lost in the digital world
You're lost in the digital world

Come back to the physical world
Come back to the physical world
You're lost in the digital world
Come back to the physical world
