

You Can't Have It All

Ash

When I get high, you always bring me down
Everything I try hit the stony ground
Got me so confused and now you're feeling good
Ever changing moods, I don't know what I should do...

Scratches down my back, when we're making love
Give you all my time, but it's not enough
In and out of style, like the music scene
Feels like I'm living in a magazine

You can't have it all
You can't have it all
You can't have it all
Whoa-oh-oh-oh-oh

Voices in your head, always doubting me
Paranoid distortions of reality
You tell me all the time that there's something wrong
But you never know what you really want

You can't have it all
You can't have it all
You can't have it all
You can't have it, you can't have it all
Whoa-oh-oh-oh-oh

You...can't...have...it...all
You...can't...have...it...all

I'm losing my mind, it comes too easily
Blaming someone else for your misery
Walking on eggshells until you're feeling bad
This psycho drone is taking over my life

You can't have it all
You can't have it all
You can't have it all
You can't have it, you can't have it all

You can't have it all
You can't have it all

You can't have it all
