

# Christmas Is the Time

Ashanti

Christmas is  
The time we take  
To say thank you  
And I love you

Christmas is  
The time that you give  
With all of your heart  
To see that smile again

And there is nowhere else  
I would rather be  
Than sit right here  
With my family  
And even though some of them aren't with us  
I know they're watching from above  
Being hurt a little bit 'cause you miss em  
But you can still feel their love 'cause...

Christmas is... Christmas is...  
Christmas is the time we love to share  
Christmas is... Christmas is...  
Christmas is the time we love to share

Christmas is  
The time to make  
Room in your heart  
And forgive those mistakes that were made

Christmas is  
Time for sacrifice  
'Cause remember He made  
His sacrifice on this day

And there is nowhere else  
I would rather be  
Than sit right here  
With my family  
And even though some of them aren't with us  
I know they're watching from above  
Being hurt a little bit 'cause you miss em  
But you can still feel their love 'cause...

Christmas is... Christmas is...  
Christmas is the time we love to share  
Christmas is... Christmas is...  
Christmas is the time we love to share  
(2x)

Yea yea, yea yea  
Yea yea, yea yea  
Merry Christmas
