

Don't Tell Me No

Ashanti

Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live

Don't wanna hurt nobody
Let me tell you how I feel (tell you how I feel)
I just wanna have somebody I can trust that knows the deal (trust that knows the deal)
Don't wanna make you mad telling you about last night and how much fun I had
Just because I'm not with you I don't need your attitude

Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live
(2x)

The other day you asked why I came home late and who was I with
(who was I with)
Don't get me wrong I know you care but I can't get down with all the questioning
Ooohh I like spending time with you but don't get the wrong idea
Don't make me your priority Cause this settling down thing just ain't me

Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live
(2x)

Boy don't think I'm here try to use you try to confuse you
Just on you know I care a lot about you happy that I found you
Let's be clear what were all about you gotta figure out
You want this we gotta know that we ain't forming no relationships

Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live
