

I Don't Mind

Ashanti

I'mma tell y'all
I'mma tell y'all a story
It's about a girl
Mmm, I can't even say a girl
She some'in' more like
She's more like an angel
Hmm...
Tell you her name
Ashanti
Princess

I wanna love you
I wanna hold you
Baby, I wanna kiss you
I wish you would look into my eyes

And let me love you
Let me hold you
Baby, I wanna kiss you
I wish you would look into my eyes

If you touch me here
I don't mind, oh, no
And if you kiss my neck
Baby, I don't mind, oh, no

I feel this tingling feelin'
Runnin' up and down my spine
So baby, let me love you

I wanna love you
I wanna hold you
Baby, I wanna kiss you
I wish you would look into my eyes

And let me love you
Let me hold you
Baby, I wanna kiss you
I wish you would look into my eyes

If you rub my back
Baby, I won't mind, oh, no, mmm
And if you kiss my lips
Baby, I won't mind, oh, no

I will feel your heartbeat next to mine
And slide right past my thighs
So baby, let me love you

I wanna love you
I wanna hold you
Baby, I wanna kiss you
I wish you would look into my eyes

And let me love you
Let me hold you
Baby, I wanna kiss you

I wish you would look into my eyes

I wanna love you

I wanna hold you

Baby, I wanna kiss you

I wish you would look into my eyes

And let me love you

Let me hold you

Baby, I wanna kiss you

I wish you would look into my eyes
