

## Let's Do Something Crazy

Ashanti

I would never let a tear fall from your eyes, no, no no  
Cause everything you are to me, ohh I could never let you hurt inside  
You mean so much, and I'm so thankful that you're in my life  
And I appreciate your love and all your sacrifice  
Without you by my side, I never could survive  
I wouldn't be the woman standin' here before your eyes

You taught me strength and you gave me guidance  
Whenever faith was lost, you were there to find it  
And all because a mother's love is unconditional  
With all my heart and all my soul, I wanna let you know

That I thank you, and I love you  
And I would never place anyone above you  
Said I thank you, and I love you  
And I will never ever place no one above you

You have given me life, and I just want you to know  
That you're the reason I'm here today  
I will never let go to everything that we share  
And nothing can compare  
I thank you, I thank you, I thank you, here's what I'm sayin'

See, I've been blessed to be raised by a woman so strong  
Cause even when I did things wrong  
You would show me just the way that I should carry on  
You kept me safe, and you protected me with all you had  
And any time I was in need you gave your very last  
Without you by my side, I never could survive  
I wouldn't be the woman standing here before your eyes

Ju taught me strength and, ju gave me guidance  
Whenever faith was lost, ju were there to find it  
And all because a mother's love is unconditional  
With all my heart, and all my soul, I wanna let you know

That I thank you, and I love you  
And I would never place anyone above you  
Said I thank you, and I love you  
And I will never ever place no one above you

You have given me life, and I just want you to know  
That you're the reason I'm here today  
I will never let go to everything that we share  
And nothing can compare  
I thank you, I thank you, I thank you, here's what I'm sayin'

I remember wakin' up early monday morning  
With my new dress, and my new shoes, with the buckles on em  
And you would kiss my face, and say "I love you babe"  
And you would be right there to take all of my fear away  
And when he broke my heart, you said it was hist lost  
And not to think about, "you're better off without him"  
Remember when they said that I was never gonna make it  
You said "it's yours, and all you gotta do is go and take it"

I thank you, and I love you

And I would never place any above you  
Said I thank you, and I love you  
And I will never ever place no one above you

See, you have given me life, and I just want you to know  
That you're the reason I'm here today  
I will never let go to everything that we share  
And nothing can compare  
I thank you, I thank you, I thank you, here's what I'm sayin'

I thank you, and I love you  
And I would never ever place anyone above you  
Said I thank you, and I love you  
And I will never ever place no one above you

See, you have given me life, and I just want you to know  
That you're the reason I'm here today  
I will never let go to everything that we share  
And nothing can compare  
I thank you, I thank you, I thank you, here's what I'm sayin' yeah, yeah yeah
