

Nowhere

Ashanti

It don't matter how much we fightin
Don't matter how much I promise
It don't matter how much we try to be with each other
It don't last for long
Cause we got something they want
And I'm sick when you're gone
Waitin up til you get home

And I ain't gonna sleep til I see yo face
Even though I'm mad I'mma fix yo plate
Ain't no other man that could take yo place
Believe me

I ain't goin nowhere
You ain't gotta worry
Ain't nobody perfect
But what we got is worth it
(2x)

It don't matter if we hit hard times
Cause I got yo back when you got mine
And when the rain comes I'mma be the main one
Holdin you down through the storm

It won't last for long
I tell you I'mma leave but I don't
And I'm sick when you're gone
And I'll be waitin up til you get home

And I ain't gonna sleep til I see yo face
Even though I'm mad I'mma fix yo plate
Ain't no other man that could take yo place
Believe me

I ain't goin nowhere
You ain't gotta worry
Ain't nobody perfect
But what we got is worth it
(2x)

I swear if you keep lovin me like you're lovin me I'll keep lovin you
Can nobody do them things you do
And even if we don't get along for a minute
Can't nobody else come and break this commitment
Ain't perfect, we're worth it
So I
