

# Saw Your Face

Ashanti

Yeah, Ashanti  
This one straight out the vault  
Kidd Kold, AJM Records, like this

The first time that I saw your face something told me I  
Never be the same, never been the same  
I'm thinking she should be replaced, I know that's not right  
Something's gotta change, something's gotta change

The first time that I saw your face something told me I  
Never be the same, never been the same  
I've never been the type to wonder about what's not mine  
Is it a mistake? Is it a mistake?

As I stepped in the room I saw your face  
Watching me and every move I made, oh  
The way that you had your arms around her  
I decided to look the other way, oh

It was killing me to think that I  
Might have found something I like  
And there was nothing I could do  
'Cause she came here with you

The first time that I saw your face something told me I  
Never be the same, never been the same  
I'm thinking she should be replaced, I know that's not right  
Something's gotta change, something's gotta change

The first time that I saw your face something told me I  
Never be the same, never been the same  
I've never been the type to wonder about what's not mine  
Is it a mistake? Is it a mistake?

As the night went on and I enjoyed the company  
From all of the guys who tried to talk to me, yeah  
In the back of my mind I knew there was nothing  
That excited me till you passed by

You kind of rushed my shoulders and I grew a little bit warmer then  
I remembered you came with her and I didn't want to offend her  
But oh you turned around, grabbed my hand  
And I did not let go, woah, woah

The first time that I saw your face something told me I  
Never be the same, never been the same  
I'm thinking she should be replaced, I know that's not right  
Something's gotta change, something's gotta change

The first time that I saw your face something told me I  
Never be the same, never been the same  
I've never been the type to wonder about what's not mine  
Is it a mistake? Is it a mistake?

Let me know if this is wrong for me to feel this way  
Let me know if I am really making a mistake  
Let me know if this is wrong for me to feel this way

Let me know if I am really making a mistake

The first time that I saw your face something told me I  
Never be the same, never been the same  
I'm thinking she should be replaced, I know that's not right  
Something's gotta change, something's gotta change

The first time that I saw your face something told me I  
Never be the same, never been the same  
I've never been the type to wonder about what's not mine  
Is it a mistake? Is it a mistake?

The first time that I saw your face something told me I

Something's gotta change, something's gotta change
