

# Show You

Ashanti

Baby what you're going through  
Know that I'm here or you  
You don't ever have to worry 'bout it  
Cause everything else, I'll do without it  
I'll share your struggle ( I'll place)  
No one above ya (in case)  
You didn't know how strong my is Baby  
Let me show you

My love is true  
For only you my dear (I wanna show you)  
How much I care  
I'll be right there always (I'm gonna be right there)  
How good love is  
I pray for this to come (let me just show you)  
Your the only one (only one)  
The only one for me yeah (only one for me)

Doesn't matter what they think of me  
They're nowhere in your league  
But everybody got a lot to say  
Doesn't matter I don't look their way and  
I'll always be the same and  
This here will never change and  
And if you still can't tell how much I love you  
Let me show you

My love is true  
For only you my dear (I wanna show you)  
How much I care  
I'll be right there always (oh yeah)  
How good love is (How good, love is)  
I pray for this to come (let me just show you)  
Your the only one (only one)  
The only one for me (only one for me)

I'm here, I'm gonna show you everything that I mean  
You know you've always given me whatever I need  
I've found somebody finally that's perfect for me  
And I wanna show you Baby  
(2x)

My love is true (My love)  
For only you my dear (It's all for you my love)  
How much I care (How much)  
I'll be right there always (Ooh, yeah yeah)  
(I'm gonna be right there)  
How good love is (How good, love is)  
I pray for this to come  
Your the only one (The only one, yeah yeah)  
The only one for me yeah (only one for me)  
(2x)
