

Still Down

Ashanti

Hey, how you doing, how you been
I've been laying low, watching every way you move
So sit back and relax and lemme reacquaint myself to you
Oh, it's been awhile since
I've been around
And I hope you ain't forgot my vibe
And my sexy style
If you don't ever go nowhere
I will never go nowhere
And I will always be right here for you

Tell me, are you still down for a girl like me, yeah, yeah
Cause I don't wanna be just another memory (2x)

Eh eh eh, long time no see, now back on my feet
Comfortably, and back of a fee
Right back in the street
Within a matter of weeks, don't they
I proposed, you accepted
And now you married to me
I know you been missin' the kisses
And the different positions
Told you my intentions were over
And I'll be home in a minute
Hey listen, I did the time
And now I'm finally free
Now I can finally see that you was down for a G
Eh eh eh eh, c'mon

Now you know that I won't let you down, no
Cause I'ma do my best
So I can make it right for you
And like nobody else, I'ma give all myself
All myself to you, oh
And please believe, I will always see
Who you got your eyes on
And who got their eyes on you
Long as you never go nowhere
I will never go nowhere
And I will always be right here for you

Tell me are you still down for a girl like me
Cause I don't wanna be just another memory
(2x)

I promise I'm the same fella you knew
When they let me out the socks, baby
I'm headed to you, just lemme know
If forever mean forever to you
If you choose to move on
Hey, won't you tell me the truth
Keep it real wit a nigga, Ma
Whatever you do, if your heart and mind
Is numb, rewind the time when
We closed the blinds like the **
Was rhyming and we hit the malls
Spending G's all the time

And you was on the side throughout
I was grindin' and you was surprised
Wit minks and showered wit diamonds
But you will always be a part for life
Even if I never get to call to you my wife
Just rememba who put the bread into the crib
In the same crib that you want
Your kids living in now no matter
However you may feel now even
If you wanted to consider yourself his now
I'm still down for you

Tell me are you still down for a girl like me
Cause I don't wanna be just another memory
(2x)
