

The Story of 2

Ashanti

Baby I'm thinking about just what I wanna do (just what I wanna do)

I don't care if I'm wrong

I think I'm in love with you (think I'm in love with you.)

All my friends say that I'm moving too soon,

I don't care what they say I want to give myself to you

Dream maker make my dreams come true tonight

If I close my eyes will you hold me tight all night.

Dream maker here's what we gon' do tonight

We gon' make sweet love til the morning light, yea yea

I want you to have me all to yourself (all to yourself)

I got to be with you (be with you)

I don't want no one else (no one else)

You given me everything I coult'dn't ask for more

I need to be with you, with out you, I just can't go on

Dream maker make my dreams come true tonight

If I close my eyes will you hold me tight all night.

Dream maker here's what we gon' do tonight

We gon' make sweet love til the morning light, yea yea

Im a tell ya'll, a lil something about dreams,

Dreams, really really do come true

See I got a dream maker, how 'bout you?

Dreams are made not by wanting, that's true

Ya'll know what I'm talkin' about

Let me tall ya'll what I'm talkin' about

Dream maker make my dreams come true tonight

If I close my eyes will you hold me tight all night.

Dream maker here's what we gon' do tonight

We gon' make sweet love til the morning light, yea yea

Thank you, thank you, thank you

Hope ya'll had an enjoyable evening,

But before I get up outta here,

I wanna leave ya'll with this one thought,

It's Murda Ohhhhhh Murda

It's Murda Ohhhhhh Murda
