

Then Ya Gone

Ashanti

Well well well well Hello Baby
One day you're here and then you're gone

One day you're here baby and then you're gone
One day you're here baby and then you're gone
One day you're here baby and then you're gone
One day you're here baby and then you're gone

Listen everyday we complain about little ups and downs
We need to be thanking the Lord that we are still around
You'll never know when it's your time to go
And I know it's hurting so bad to lose people that we love
We got to use that example and try and straighten up
You gotta live everyday as if it's your last one
See one minute you're here and then the next day you're gone

One day you're here baby and then you're gone
One day you're here baby and then you're gone
One day you're here baby and then you're gone
One day you're here baby and then you're gone

See lately I wake up in the morning wanting to cry
I bend my knees and I raise my head up to the sky
And sometimes I just can't fight my feelings I have inside
See I always wish that you would be here right by my side
I'm glad I told you I love you so much before you died
I knew you couldn't and wouldn't be here for very long
See one minute you're here and the next day ya gone

One day you're here baby and then you're gone
One day you're here baby and then you're gone
One day you're here baby and then you're gone
One day you're here baby and then you're gone

Sometimes the world that we live in don't seem so fair or forgiving
These streets are so hard to survive in cause all day you see people dying
And I pray that one day we all see that life ain't promised to you
And life ain't promised to me
Never forget this and be clear we don't know how long we gonna be here
