

# Through The Vale

## Ashen Mortality

Only you precious one stayed when all else was gone  
To be with me again and again  
Sheltered from this chilling rain draw near me now  
I share your pain come away run with me

Eternity stretches before us as we make our way  
Resting for a while in each others arms  
Lifting you up I will carry you until you wake  
When morning breaks take my hand walk with me

Be with me forever never turn away  
Be with me for evermore  
Never turn turn away now we've come this far  
And it's all worth living for

You were all I had in my world torn apart  
You are all I'll ever need  
You gave hope to me when my hope was gone  
Now we run together through the darkest night

The morning star that lights the way beckons us through weary d  
ays  
Through the vale of the bleakest winter  
A million miles we've travelled with a million more ahead  
Every path you tread I will never leave your side

When you see the journey's end and feel the strength to run aga  
in  
All the pain is just a memory  
Look and see how far we've come  
Draw near to me  
The battles won  
Finally we can be free
