

# Morning Do

Asher Roth

[Asher Roth:]

That's what my body's telling me in the morning  
My hormones are just everywhere  
In the a.m. (I love to have sex)  
I like to call it morning do  
It's morning do

Let's go!

In the ante meridian girl, I be giddy  
No shit my dick be hard as a brick  
Girl I ain't kiddin' I really be feelin' it  
Might just stick it between your legs  
I like my eggs, sunny side up  
I like my ass, sun is risin'  
On top real fast she be ridin'  
Burn the house like I'm Andre Rison

Hell yeah, I suck on titties  
Wrap my arms 'round 'cause she's skinny  
Come on baby, let's get busy  
Know how many want to hit me?  
There's so many, good and plenty  
Chew 'em up and eat 'em every morning  
It's my favorite to have sex, morning do

I like to walk around naked (naked)  
While my girl cook breakfast (breakfast)  
She makin' eggs and bacon (bacon)  
I got the recipe, it's you on me and me on you  
It's 8 a.m. with no clothes on, you so damn cute (damn cute)  
I kiss your neck and rub your thighs and feed you fruit (feed you fruit)  
We sexin' in the morning, it's morning do (morning do)  
It's morning do

I'm playin' in bed, dreaming 'bout box  
That's when I start to feel a hand on my cock  
She whispers in my ear "Ash I feel hot. I know it's kinda early, can I climb on top?"  
(Yeah!) Hell yeah, I would like that a lot  
Let's try a new position, let's hit the g spot,  
She groanin' and she moanin' and screamin' "Don't stop!"  
She leans and tries to kiss me, I say "Chill, your breath's hot!"  
So kissing's out the question, but you know that head's not  
Her tongue can tie a stem in a overhand knot  
I overhand slap that booty  
Watch it wiggle, watch it jiggle,  
Watch her stop what she doin' just to giggle  
Blow the whistle, end the regulation  
Overtime starts after eggs and bacon  
Yeahh.
