

She Don't Wanna Man

Asher Roth

She don't want a man, she just wanna dance, let's dance

Quiet and confident,
Not a bit I'm the shit,
Screaming OW! out loud,
Right now I'm the shit,
Let em know let it go,
Feeling sexy feeling grown,
I be sipping on patron mixed with pineapple,
As she looks up,
Spots me only for a sec but in that moment our eyes lock,
I swear that we had sex and in that tank top,
Tight jeans, high heels,
Nice teeth, oh I think she likes me but but it be unlikely

Ain't looking for no man, man, really just came to dance, dance,
On the dance floor, know you wanna really really,
I just came to party, party

She don't want a man man man man man,
She just wants to dance dance dance dance dance,
She don't want a man man,
She just wants to dance dance on the dance floor

I see Boyder and ask him,
Yo can you take her fat friend?
He laughs and then digs in hell yea ill be your wing man,
We two step, we grooving,
We dancing, we moving, the crowd weave through it,
People getting real stupid!
Check my breath, and my sweat on my chest and my pits,
Yea I'm fresh, super fresh,
I would do me in a sec, bout to get my dance on,
So I put my hands on, and she frowns,
Turns around, with a look like

Ain't looking for no man, man,
Really just came to dance, dance,
On the dance floor,
Know you wanna really really,
I just came to party, party

She don't want a man man man man man,
She just wants to dance dance dance dance dance,
She don't want a man man, she just wants to dance dance on the dance floor

Well you need to cool down,
Cause I'm way too hot too hot too hot too hot too hot

Girl you need to cool out
Cause you not that hot that hot that hot that hot that hot

See I'm just trying to cool down
Cause I'm way to hot too hot too hot too hot too hot

Girl you need to cool out cause you not that hot,
I'm just playing, I'm just hating, I know you way too hot

Ain't looking for no man, man,
Really just came to dance, dance, on the dance floor,
Know you wanna really really,
(On the dance floor) I just came to party, party

Ain't looking for romance, mance,
Really just came to dance dance on the dance floor
Know you wanna really really,
(On the dance floor) I just came to party, party

She don't want a man man man man man,
She just wants to dance dance dance dance dance,
She don't want a man man,
She just wants to dance dance on the dance floor
