

## A Wish

ASHES dIVIDE

I...  
Could've been...  
The man you see in front of you all...  
But he...  
Slipped away...  
To put this pride in to a place of hiding.  
From everyone...

I...  
Suffer through...  
And push away anyone in love with me, I...  
Wish  
I could have...  
The pretty things you see in me  
Underneath.

I've slipped away...  
Any feeling born to me that day...  
I wish...  
I could have...  
The pretty things inside of you, understood by anything.
