

## Come Alive

## Ashes Remain

I'd die to breath you in  
Feel you beneath my skin  
Let go of all I've been just spinning around  
Hold on to all you are  
Trade my life for these scars  
All just to see how far I'd make it this time  
I'd come alive, I...

I'm just spinning around  
Never knowing  
Why I haven't been found  
This'll be the  
Last time I'll have to hide  
Living for the moment  
When I come alive

You found me in the deep  
Begging my lungs to breath  
You know I'm far too weak to make it alone  
I'd come alive, I...

I'm just spinning around  
Never knowing  
Why I haven't been found  
This'll be the  
Last time I'll have to hide  
Living for the moment  
When I come alive

It's over, it's over, wont go back this time  
It's over, it's over, it's over cause

I'm done spinning around  
Never knowing  
Why I haven't been found  
This'll be the  
Last time I'll have to hide  
Living for the moment  
When I, when I come alive

I'm done spinning around  
Never knowing  
Why I haven't been found  
This'll be the  
Last time I'll have to hide  
Living for the moment  
When I, when I come alive
