

The tainted air has risen above the clouds of trust
Rain down upon these eyes and turn them to rust
She cries into the sunlight and screams of love
She thinks she's lost
While he stands at the river and just can't get across

And all this time
And all this time

It's just the rusted trust of the Gemini
And in her mind she's screaming

Won't you look at me
Won't you set me free
Won't you pull these lies out
I've got no doubt

Open the box of worms however painful it may be
Scream into the air and cry until it's never the same

And all this time
And all this time

It's just the rusted trust of the Gemini
And in her mind she's never

Won't you look at me
Won't you set me free
Won't you pull these lies out
I've got no doubt

Won't you look at me
Won't you set me free
Won't you pull these lies out
I've got no doubt
