

Gift Of Love

Ashes Remain

What's the season all about
When all we do is run around
Living for ourselves
Leaving mercy on the shelf
Walking by a homeless man
Who is holding out his empty hand
Doesn't anybody care
Does he even have a prayer

When will we realize and open our eyes

Salvation came to earth
Let us celebrate the birth
Make ourselves the offering
Meet the broken in the streets
The gift that came alive
To take the blame and die
For a world that lives in fear
Let us give the gift of love this year

What's the season all about
With everybody running around
Let's forget about ourselves
Take mercy off the shelf
