

## Pain

## Ashes Remain

I know the situation hurts  
And the pain seems more than you should bear  
But it's the only thing that works  
And I won't take you away from this

I know you're dying inside  
But it's just the way it has to be  
And if you're going to survive  
You must die and bring them back to me

And I won't take this pain away right now  
It will be okay, soon you will see how  
You can always count on me to be there  
And the pain you have was a pain we'll have to share

I know this crucifixion hurts  
And the shame seems more than you should bear  
But it's the only thing that works  
So please don't turn your back it isn't fair

But I'm now I'm ugly inside  
But it's just the way it has to be  
If they're going to survive  
Then I must take all the sin on me

And I won't take this pain away right now  
It will be okay, soon you will see how  
You can always count on me to be there  
And the pain you have was a pain we'll have to share

And I won't take this pain away right now  
It will be okay, soon you will see how  
You can always count on me to be there  
And the pain you have was a pain we'll have to share

And the pain you have was a pain we'll have to share  
And the pain you have was a pain we'll have to share  
Is a pain you have to share
