

# Dancing Alone

Ashlee Simpson

Nobody's gonna hold me back  
It's Friday night  
I feel alright  
Nobody's gonna bring me down  
It's my life  
And I'm doing fine  
Don't you know I wanna play  
So take me on a holiday

So here I am  
Looking pretty for you  
They come and go  
So many faces it's no use  
So I'm dancing alone  
Dreaming solo  
Cause your love's the one worth waiting for  
It's just like heaven

Nobody's gonna break my heart  
And hurt me like they did before  
No one can even get the part  
Not until I know it's deep  
Can't you come and take me away  
Take me to another place

So here I am  
Looking pretty for you  
They come and go  
So many faces it's no use  
So I'm dancing alone  
Dreaming solo  
Cause your love's the one worth waiting for  
It's just like heaven

Can you hurry up  
Can you feel my love  
I'm burning up  
I'm so hot  
I'm so hot  
I'm so hot  
Dancing alone  
Dreaming alone

So here I am  
Looking pretty for you  
They come and go  
No one else here will do  
So I'm dancing alone  
Dreaming solo  
Cause your love's the one worth waiting for  
It's just like heaven

Like heaven  
Cause your love's the one worth waiting for  
The one worth waiting for  
I'm dancing alone  
I'm dancing alone

I'm dancing alone  
I'm dancing alone
