

# Rule Breaker

Ashlee Simpson

Uhhhm, excuse me but uh, is thing on?

I've got a boyfriend  
He likes to fight a lot  
He got a lot of common and he thinks f\*\*king rock  
We like to break rules  
Both got tattoos  
We tend to smash things  
And we like to scream things

Ahhhhhhhhhhh

You don't want no problems  
You ain't got no beef

Ahhhhhhhhhhh

You don't want no problems  
You ain't got no beef

I don't wanna fight, tonight  
Hey hey  
But I ain't going home for no one  
I don't wanna fight, tonight  
Hey hey  
But I ain't going home for no one

I just wanna colour outside the lines  
I've been reprimanded about a thousand times  
I'm a, rulebreaker  
You know that I'm a, rulebreaker

Ssssssome say I'm a black sheep  
Cuz I like to sleep late  
Wake Up round 3 o'clock  
Drinking till my tummy ache  
You think I'm a rebel  
Cuz I keep making trouble  
Get here on the double for I break a little something down

Ahhhhhhhhh

You you you you don't want no problems  
You ain't got no beef, no

Ahhhhhhhhh

You better keep quiet if you want your teeth

I don't wanna fight, tonight  
Hey hey  
But I ain't going home for no one  
I don't wanna fight, tonight  
Hey hey  
But I ain't going home for one

I just wanna colour outside the lines

I've been reprimanded about a thousand times  
I'm a, rulebreaker  
You know that I'm a, rulebreaker

I know you are but what am i

I'm daddy's, little girl  
But when you kiss this  
I'm just a princess  
Little miss perfect  
And everyone knows it  
But that's another day  
There's rules to break, yeah

I don't wanna fight, tonight  
Hey hey  
But I ain't going home for one one  
I don't wanna fight, tonight  
Hey hey  
But I ain't going home for no one  
I don't wanna fight, tonight  
Hey hey  
But I aing going home for one  
I ain't going home for you  
I don't wanna fight, tonight  
Hey hey  
But I ain't going home for no one  
No one

I know the grass is greenere on the other side  
You you you you don't want no problems  
You ain't got no beef

I know they tell you that you've got this pretty face  
You you you you don't want no problems  
You ain't got no beef
