

# I Found It In You

Ashley Gearing

Everybody needs  
A reason to believe  
Something to keep them going  
To set their soul on fire  
Make them feel alive  
It's their  
Inspiration

Some find it in living off the land  
Some find it in working for the man  
Some find it with a bottle in their hand  
That's what get's them through  
Some find it in a shiny limosine  
Some find it in the magazines they read  
Some find happiness out of reach  
No matter what they do  
Baby that's not me  
I found it in you

Oh yeah

I always wondered when  
My search was gonna end  
And I'd find what I've been missing  
Now everything you are  
Goes right to my heart  
And feeds this passion

I found it in you

You're my journeys in the silent crowd  
You're what I can never live without
