

# Me, My Heart And I

Ashley Gearing

Sorry baby, gotta let you go  
This small town moves just a little too slow  
I got dreams to dream, things to see the gypsy girl inside of me  
Just needs to be  
Free  
It's not you it's me.

I wanna run, run, run  
Run away baby  
Get a little bit wild, a little bit crazy  
On my own  
Right or wrong  
I'm gonna fly, fly, fly  
Free down the highway  
Make some mistakes, gonna make them my way  
Going for a ride  
Just me, my heart and I

Momma always said "Girl follow your heart"  
I figure right now it's a good time to start  
I'm gonna hit this road and where I go  
Only God and heaven knows  
I guess I'll know when I get there  
When I get there

I'm gonna run, run, run  
Run away baby  
Get a little bit wild, a little bit crazy  
On my own  
Right or wrong  
I'm gonna fly, fly, fly  
Free down the highway  
Make some mistakes, gonna make them my way  
Going for a ride  
Just me, my heart and I

I wanna run, run, run  
Run away baby  
Get a little bit wild, a little bit crazy  
On my own  
Right or wrong  
I'm gonna fly, fly, fly  
Free down the highway  
Make some mistakes, gonna make them my way  
Going for a ride  
Just me, my heart and I

Oh, going for a ride  
Just me, my heart and I
