

# Has Anybody Ever Told You

Ashley Monroe

Has anybody ever told you  
They'd be lucky just to know you  
How many nights spent wishing they could hold you  
Has anybody ever told you

And when you walk into a dark room  
Light of a thousand moons surround you  
Yeah there's just something about you  
Has anybody ever told you

Baby you don't have to try  
Your light just shines on its own  
And when I stand beside you  
I just wanna hold on

I don't know how to explain it  
Oh but you keep my sky from raining  
Yeah and you turn the gray to bright blue  
Has anybody ever told you

Baby you don't have to try  
Your light just shines on its own  
And when I stand beside you  
I just wanna hold on

Has anybody ever told you  
They'd be lucky just to know you  
How many nights spent wishing they could hold you  
Has anybody ever told you

I know I'm not the first to wanna hold you  
But has anybody ever told you
