

# I Don't Wanna Be

Ashley Monroe

Everyone's talking about being tied down  
And they're so unhappy  
They say this married life  
Is just not for me  
They say they'd give anything  
To be living wild and free  
Well I am  
Oh yes I am  
And I don't wanna be

They say their husbands don't mow the lawn  
Until he's asked  
And he doesn't ever offer anymore  
To take out the trash  
They say they'd rather be alone  
Oh but if they were they'd see  
'Cause I am  
Oh yes I am  
And I don't wanna be

They say the grass is always greener  
On the other side  
But if I had someone to love  
Then I'd be satisfied  
I would never take for granted  
Something so hard to find  
Someone in my life

So if you've got a good love tonight  
Please don't let him go  
Unless you really are prepared  
To live life on your own  
'Cause it hurts to be in bed tonight  
Holding onto nothing but a dream  
'Cause I am  
Oh yes I am  
And I don't wanna be

They say the grass is always greener  
On the other side  
But if I had someone to love  
Then I'd be satisfied  
I would never take for granted  
Something so hard to find  
Someone in my life

It hurts to be in bed at night  
Holding onto nothing but a dream  
'Cause I am  
Oh yes I am  
And I don't wanna be  
'Cause I am  
Oh yes I am  
And I don't wanna be
