

# Perfect Now

Ashley Parker Angel

Hey you, miss wearing the crown,  
Run me around,  
Dragging me down.  
Hey you, miss head of the class,  
Never come last,  
Pain in the ass.

Look who's perfect now,  
Got my head in the clouds,  
Look who's perfect now,  
Got my feet on the ground.  
Look who's perfect now,  
Got my head in the clouds,  
Got my feet on the ground,  
Look who's perfect now.

Hey you, miss never too fall,  
Standing so tall,  
Knowing it all.  
Hey you, miss living a lie  
Flying so high,  
Goodbye, goodbye.

Look who's perfect now,  
Got my head in the clouds,  
Look who's perfect now,  
Got my feet on the ground.  
Look who's perfect now,  
Got my head in the clouds,  
Got my feet on the ground,  
Look who's perfect now.

Now I see,  
Now I found,  
Now I know,  
What you're about,  
I keep you out of reach, won't let you pull me down.  
My favourite superstition left me a piece, but the puzzle's missing,  
And it didn't take too long to figure out,  
Look who's sorry now.

Look who's perfect now,  
Got my head in the clouds,  
Look who's perfect now,  
Got my feet on the ground.  
Look who's perfect now,  
Got my head in the clouds,  
Got my feet on the ground,  
Look who's perfect now.

Look who's perfect now,  
Got my head in the clouds,  
Look who's perfect now,  
Got my feet on the ground.  
Look who's perfect now,  
Got my head in the clouds,  
Got my feet on the ground,

Look who's perfect now.
