Ashley Parker Angel

Lying here on the bed
Can we talk about nothing
Pictures in my head
'Cause we know whats coming

Whatever it takes
Wherever it takes us
Can I always find you here

Outside, the world is cold
but you're telling me to stay, inside

I close my eyes
Always been a dreamer
You changed my life
and now the grass is greener

What's the point of chasing after
all the other stuff when it doesn't even matter to me
this is what I've always wanted
What I've always wanted, wanted

Driving back to you
Now I'm flashing forward
Almost a perfect view
As I turn the corner

Wherever I've been
Wherever I'm going
I will always see it clear
When you're here

I close my eyes
Always been a dreamer
You changed my life
and now the grass is greener

What's the point of chasing after
all the other stuff when it doesn't even matter to me
this is what I've always wanted
What I've always wanted

So you can fall asleep
Don't even have to, listen to me
Words don't need to be spoken

I close my eyes
Always been a dreamer
You changed my life
and now the grass is greener

What's the point of chasing after,
all the other stuff when it doesn't even matter to me
this is what I've always wanted
What I've always wanted...
