

# Where Did You Go?

Ashley Parker Angel

There's an empty room full of memories,  
And everywhere I look, it's where we used to be.  
It's like a photograph,  
A moment froze in time,  
I'm staring at your face, even when I close my eyes.

Oh oh, where'd you go?  
I thought you'd never leave,  
Oh oh, should have known,  
How much you mean to me.  
Oh oh, where you are is where I wanna be,  
So, it's a shame that you'll never really know.

I wish I could go back,  
And be with you again.  
'Cos there's so many things I should have said,  
When I had you listening.  
As close as we were then, as far as we are now,  
As much as this won't change a thing,  
You've got me calling out...

Oh oh, where'd you go?  
I thought you'd never leave,  
Oh oh, should have known,  
How much you mean to me.  
Oh oh, where you are is where I wanna be,  
So, it's a shame that you'll never really know.

Now was it ever meant to last?  
The candles burned from yesterday,  
The past is over, gone ahead  
And watch the glow just fade away.  
I can't run to catch my breath,  
I can't hide to see what's left,  
The plans, the hopes, the dreams, the tears,  
All disappeared...

Oh oh, where'd you go?  
I thought you'd never leave,  
Oh oh, should have known,  
How much you mean to me.  
Oh oh, where you are is where I wanna be,  
So, it's a shame that you'll never really know.  
Oh oh, where'd you go?  
I thought you'd never leave,  
Oh oh, should have known,  
How much you mean to me.  
Oh oh, where you are is where I wanna be,  
So, it's a shame that you'll never really know.

So, it's a shame that you'll never really know...  
It's a shame that I never really showed.
