

# Positivity

Ashley Tisdale

Wont you show me some  
baby I gotta get  
some baby...)

From where I stand I see  
A world of possibilities  
So don't be going  
negative one me baby

Love is hard  
But that's allright  
Give it time  
It's worth the ride  
You know  
It's all in the way you

You're lookin at me  
I'm lookin at you  
What more do you want  
Show me some positivity  
It's all I got  
Its leading me on  
Can't leave it alone  
Show me some positivity  
You're making it harder  
Then it has to be  
So wont you please show me  
Some positivity  
Some Positivity

Wish I could get  
into your mind  
To see if I'm inside  
'Cause I know you're  
right here in mine  
oh baby  
The glass is half full  
not empty  
Why do you think  
You won't get none  
You know its all  
in the way you
