

# Suddenly

Ashley Tisdale

1. Suddenly I, am in front of the lights  
Everything, I'm feeling  
Scary and beautiful at the same time  
And every day I try just to breathe  
I want to show the whole world  
The truth inside of me.

R: Suddenly people know my name  
Suddenly everything has changed  
Suddenly I feel so alive  
In the blink of an eye  
My dreams begin to rain

2. Suddenly time, feels like the wind  
It changes everywhere I go  
I'm just trying to fit in  
Now here I stand and I'm still just that girl  
I'm following my heart  
In this amazing crazy world

Suddenly people know my name  
Suddenly everything has changed  
Suddenly I feel so alive  
In the blink of an eye  
Suddenly I am center stage  
Suddenly I am not afraid  
Suddenly I believe again  
In a blink of an eye it's happening now

\*: As my dreams begin to rain  
I want to say to love me for me  
What's inside  
I'm gonna be positive, not run away, so much for you  
This is my life

Suddenly I am center stage  
Suddenly I am not afraid  
Suddenly I believe again  
In the blink of an eye  
My dreams begin to reign.
