

Sweet Nothing

Ashlyne Huff

The sky is grey today
It's like it knows
It knows that it's that kind
A couple highs but mostly lows
Gravity has come, forcing me to fall
Down to nothing

You were my conviction
My happiest concern
Then it all came down
When luck was gonna turn
Gravity has come, it's done this once before
And now I'm feeling

Sweet nothing
Sweet, sweet nothing

I guess I tried
I guess I'm fine
I tihnk I'll try again sometime

Sweet, sweet nothing
You were my sweet, sweet nothing
I feel sweet nothing
