

# Trippin' It Up

Ashlyne Huff

We need a revolution  
Not just this happen stance  
More than another holiday  
Somehow she stole his freedom  
Somehow he broke her heart  
When did we lose it anyway  
Does it have to be the same  
Can anything change

Everybody's trippin' it up with somebody  
Hopin' somebody's leaving somebody  
Everybody's needs to get lost with somebody  
Give to somebody, keep your somebody  
Everybody's falling in love with somebody  
Love you somebody  
Oh, but, not-y not-y  
Everybody's trippin' it up

I never heard it's easy  
But don't let it take you down  
Stuck on a highway of mistakes  
We need some conversation  
Less of the "got to leave"  
There's so much more that we could  
Say to me, you're gonna stay  
Baby, stay with me right now

Everybody's trippin' it up with somebody  
Hopin' somebody's leaving somebody  
Everybody's needs to get lost with somebody  
Give to somebody, keep your somebody  
Everybody's falling in love with somebody  
Love you somebody  
Oh, but, not-y not-y  
Everybody's trippin' it up

Put down your silver platter  
Pick up your plastic spoons  
Tell me what really matters  
Anything you choose

Everybody's trippin' it up with somebody  
Hopin' somebody's leaving somebody  
Everybody's needs to get lost with somebody  
Give to somebody, keep your somebody  
Everybody's falling in love with somebody  
Love you somebody  
Oh, but, not-y not-y  
Everybody's trippin' it up with somebody  
Love you somebody  
Oh, but, not-y not-y  
Everybody's trippin' it up with somebody  
Love you somebody  
Oh, but, not-y not-y  
Everybody's trippin' it up
