

Lady

Ashram

You rise...
Flowers blooming in my memories,
Lady is charming me
As a night at sea...

It seems to fly,
Forever we'll dance in the white light...
Be my love,
And together we'll fall in the night...

Velvet kisses in my memories,
Lady is whispering
As a fragile dream...

It seems to die,
Forever we'll dance in the white light...
Be my love,
And together we'll fall in the night...

You rise..
