

Last Kiss

Ashram

Give me one last kiss
Love me one more time
Give me the last embrace
Give me another kiss

Give me your shining eyes
Love me one more time
Give me your trembling hands
Give me your lips again

And please sorry...
Kiss me
Kiss me again
And please love me...
Touch me
Touch me again and again

Give me a faint smile
Love me one more time
Give me a second life
Give me another kiss

Give me the rising sun
Love me one more time
Give me your fairy grace
Kiss me and kiss again

And please sorry...
Kiss me
Kiss me again
And please love me...
Touch me
Touch me again and again
