

# Lost In You

Ashton Shepherd

I feel a million miles away  
I believe I'm lost in the way you hold me  
In my eyes we're the only ones here  
Absolutely no fear

-Chorus-

'Cause I get lost in your eyes, lost in your touch  
Lost in the way I ain't never cared so much  
And hopin' to God you feel like I do  
Completely lost in you

I'm a little nervous about this feelin'  
But I'll leave it, no holdin' back, only believin'  
I'm not sure how you feel or what you wanna do  
But I can say straight from my heart all I want is you

-Repeat Chorus-

'Cause I'm completely lost in you  
I feel a million miles away
