

## Regular Joe

Ashton Shepherd

I'm not tryin' to start anything  
by comin' up to you tonight  
I know that he's yours now  
it's sinkin' in with time  
But tonight I've had to much to drink  
And he stays on my mind  
I just wanted to say he's the best thing you'll ever find

'Cause he ain't your regular Joe ya know  
and I'm the crazy fool who let him go  
and if he says he loves you  
then thats what he means  
he's the best man I've ever seen  
I just wanted you to know  
He ain't your regular Joe

She turned to me sharply  
and said you think I don't know that  
I can't believe you even spoke to me  
what nerve you must have  
I said no you don't understand  
you don't wanna be in my shoes  
It took him leavin' me  
before I ever knew

That he ain't your regular joe you know?  
and I'm the crazy fool that let him go  
and if he says he loves you then thats what he means  
He's the best man I've ever seen  
I just wanted you to know he ain't your regular joe

So she drove home from that bar to say that She was sorry to him  
She was wrong to have stormed out to go Somewhere she shouldn't have  
been  
He said hey baby that's okay  
Everybody has their days  
That's when she turned to him to say

You ain't your regular joe,  
You know?  
And I don't ever plan to let you go  
Cause when I say I love you  
Then that's what I mean  
You're the best man I've ever seen  
Oh baby, I love you so  
You ain't your regular joe
