

Darkness Day

Asia

So
Do you believe?
The truth
Of who we are

Everyone must kneel
Everyone must bow
No matter how you feel
In the sacred hour

And the sun don't shine
Cos the moon won't fall
And the sun won't shine
Is there light at all?
Its darkness day

Ghost
I feel it to the bone
Enough
The messages in stone

Now the day has come
Everyone will see
A new age has begun
For eternity

And the sun don't shine
Cos the moon won't fall
And the sun won't shine
Is there light at all?
Its darkness day
