

Falling

Asia

Another meltdown,
Another change of state.
Some other big town,
Where he can make his break.

And she said, "No, I like it this way."
And he said, "Oh, does this mean I can stay?"

I feel like I'm just caving in
I really do
And what is to be must be

Help me, now I'm falling
Give me early warning
Help me, I'm in danger, over you

So how you feeling?
You know it's not too late.
Don't hold your head down,
You must recuperate.

And she said, "No, I like it this way."
And he said, "Oh, does this mean I can stay?"

I feel like I'm just caving in
I really do
And what is to be must be

Help me, now I'm falling
Give me early warning
Help me, I'm in danger, over you
