

Ghost of a Chance

Asia

Hold on tight,
Fight it tooth and nail,
You are right,
You just cannot fail.

Seek to change,
Your circumstance,
While there's a ghost of a chance.

Ride your luck,
Opportunity,
What you see,
That's your destiny.

Grasp it now,
Take your stance,
While there's a ghost of a chance.

Plain as day,
All is black and white.
Stand your ground,
You can win the fight.

But don't give up,
There's true romance,
While there's a ghost of a chance.

Outnumbered now,
Face the enemy,
Against the odds,
Seal your victory.

Seize the day,
Raise your lance,
While there's a ghost of a chance.
