

# Heat of the Moment

Asia

I never meant to be so bad to you  
One thing I said that I would never do  
One look from you and I would fall from grace  
And that would wipe this smile right from my face

Do you remember when we used to dance  
And incidence arose from circumstance  
One thing lead to another we were young  
And we would scream together songs unsung

[Chorus:]  
It was the heat of the moment  
Telling me what your heart meant  
Heat of the moment shone in your eyes

And now you find yourself in 82  
The disco hotspots hold no charm for you  
You can't concern yourself with bigger things  
You catch the pearl and ride the dragon's wings

[Chorus]

And when your looks are gone and you're alone  
How many nights you sit beside the phone  
What were the things you wanted for yourself  
Teenage ambition you remember well

[Chorus x2]
