

## Heaven

Asia

In the distance, I can see them  
On the trade winds, across stormy seas.  
They are many, please believe me,  
There's something to find,  
There's someplace here deep inside of my mind.

There is a time where,  
There is no place here.  
Tell me if you get there...  
Heaven

Can you see this land I'm dreaming?  
Such a place, I hope we will find.  
Is it there now? Tell me where now,  
'Cos I need to know.  
Believe... It's still deep inside of my mind.

There is a time where,  
There is no place here.  
Tell me if you get there...  
Heaven
