

## Love Now till Eternity

Asia

Now, the party's over  
It's you and I, just you and I  
Now, the guests have gone  
It's one on one, one on one

Which way now, will the eagle fly?  
Tell me how, will the stars shine in the sky

Love now till eternity  
Shooting for the moon  
To put your hand in mine and say  
I vow to stay with you

You, you are my life  
And so I give, all that I can  
All, all that is left  
That you are woman, I am man

Which way now, will the eagle fly?  
Tell me how, will the stars shine in the sky

[Chorus]
