

Never

Asia

It seems such a long year
Since our eyes last met.
You were a lone child,
I have no regrets.

Oh, you know sometimes how I wonder,
If I am a fool.
The rocks that are pulling me under
Are heading a fall.

Don't be afraid
You're not alone, now
By the guard of angels
A new rock will rise
As mountains cut sky, now
Heaven knows

Never, Never,
I could never lose my faith in you
(could I ever break my faith to you)
Never, Never,
Will I ever turn my back on you

You must be strong now
And stand as a man.
As I will be leaving,
Leaving this land.

Sometimes I wonder,
If I am a fool.
The rocks that are pulling me under
Are heading a fall.

Turn my back on you
