

## Shadow of a Doubt

Asia

Words trip from my tongue  
Saying "be strong, always be strong"  
Scenes flash past my eyes  
Telling me here is where we belong

If you believe, what I believe  
Then we're home,  
Yeah, we're home

I should have seen it coming  
I could have worked it out  
Your feminine mentality  
Reveals the things I cannot see  
I should have seen it coming  
I could have worked it out  
The danger signs have left my mind,  
It's way beyond a  
SHADOW OF A DOUBT

So, it won't be long  
Stay with me now, this can't be wrong  
It's our right, to fly to the stars  
Just for one night, this world is ours

If you believe what I believe  
Then we're home  
Yeah, we're home

I should have seen it coming  
I could have worked it out  
Your feminine mentality  
Reveals the things I cannot see  
I should have seen it coming  
I could have worked it out  
The danger signs have left my mind,  
It's way beyond a  
SHADOW OF A DOUBT
