

Till We Meet Again

Asia

Till we meet again

Old friends I've known since I don't know when
Comrades, lovers, brothers, all my kin
Yes, I've enjoyed each moment that we've spent
And I treasure the memories that are heaven-sent

Come on
Till we meet again
Think the best of me
Till we meet again

There'll be dark days of sadness, overwhelming joy
Beautiful nights that no-one can destroy
I'll be with you in spirit, and you will know
We'll stand shoulder to shoulder
Where e'er you go

Take care, go in peace, and with my kiss
Be good to each other, and remember this

Till we meet again
Think the best of me
Till we meet again

Till we meet again
Think the best of me
Till we meet again

Now don't be a stranger, take my one spare key
If you're ever in danger, let your call be me
I will be there with you, whether flood or drought
When the demon is at your door
We'll show him out, oh yeah

Till we meet again
Think the best of me
Till we meet again

Take care, go in peace, and with my kiss
Be good to each other, and remember this
Head in the clouds, and your feet on the ground
I say this, we're the best friends around

Till we meet again
Think the best of me
Till we meet again

Till we meet again
Think the best of me
Till we meet again

Low expectation, but reach for the sky
True to yourself, till the day you die
Stay safe, and keep your powder dry
And don't drive any faster than your
Guardian angel can fly

Till we meet again...
