

## Time Again

Asia

Fate looks certain but there's nothing guaranteed  
Want for nothing, but is nothing what you need?  
Always pushing but you're never satisfied  
I did believe you 'til I found out that you lied

Time and time again  
Time and time again again

For what I give you I get nothing in return  
Can't forgive you watching all your bridges burn  
All day long I sat and watched you do it wrong  
Have to say that's how you did it all along

But others wouldn't see things you could only see  
And someone showed you, then why was it always me  
You knew the limit you were always out of bounds  
How could I trust you when I caught you messing 'round

[Chorus]
