

Wildest Dreams

Asia

They decorated all the generals
Who fought the wars behind the lines
They had forgotten all the soldiers
The brandy put them way behind the times

Insanity has found its way to TV screens
Vision seems impossible to me
They fight (they fight) for king (for king) and country
I never would have thought this in my

Wildest dreams
Wildest dreams
Wildest dreams
Wildest dreams

Clips and rushes come from who knows where
From Washington across to California
With fighting breaking out in Leicester Square

And children trampled under marching feet
They fight (they fight) for king (for king) and country
How many millions will they put to sleep?

Fly away...

No, not in this world
No, not in the next
No, not in my wildest dreams

They recommended euthanasia
For non-conformists anywhere
Some men's dreams for others turn to nightmares
This never would have happened in my

Fly away...

No, not in this world
No, not in the next
No, not in my wildest dreams...
